

Valves Supply & Maintenance

- ▶ **Repair & Remanufacturing**
- ▶ **Automation, Modification & Customization**
- ▶ **Field Service Maintenance**
- ▶ **Valve Exchange Program**

At EPT, we provide full service industrial valve solutions including procurement and Supply, Repair, refurbishment, calibration, and certification.

We maintain a full service repair workshop with all the necessary machines to dismantle and re-engineer valve components. We work on all types of valves including Gate, Globe, Ball, Plug, Check, Safety Relief, and Control Valves.

We work according to industry standards using like-for-like replacement parts that meet OEM standards and specifications.
